The New Way to Access Census Data – data.census.gov

Instead of delivering data through separate tools, the Census Bureau is in the process of making all data available on a single platform, eventually accessible by the search bar on census.gov.

Our vision is to simplify your experience so you spend less time searching for data and more time using it. Check out the new experience at data.census.gov, and provide your feedback as we develop.

Explore the New Site

Choose from two easy ways to start your search on data.census.gov:

- Type keywords in the single search bar
- Use Advanced Search to browse a comprehensive set of options

New Features

With the August 2019 updates, you can now see:

- Performance improvements
- Better download and print views
- Streamlined table customization
- Improved Advanced Search layout
- Refreshed landing page with links to FAQs, release notes, and feedback
